

# HCB

# COMPOSITE BATTENS

## HCB Batten Specifications Guide

No two boats are equal, so battens don't need to be either.

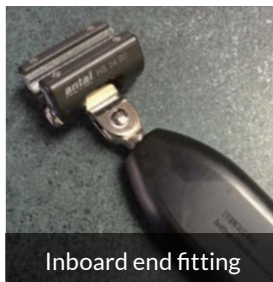

We've included a simple reference guide for you to get a feel for what HCB Batten package will suit your yacht. We'd love to hear from you to talk through what would work best for you and your yacht.

### Hollow Battens

Mould	Outside Dimensions		Description
	OBE (mm)	IBE (mm)	
12 x 24	12 x 24	8 x 24	Our 1224 batten size is suitable for every yacht from 40 ft to 55ft. It is a very versatile batten covering a large range of applications.
15 x 30	15 x 30	10 x 30	Our 1530 batten is a new size range suited specifically for the 50ft to 70ft size range.
18 x 36	18 x 36	12 x 36	The 1836 batten is the most popular large boat sized batten. Easily extended to long lengths and very robust for high loads.
24 x 40	24 x 40	16 x 40	The 2440 mould is suitable for most boats over 100ft. It delivers reliability and performance along with good aesthetics and high quality.
30 x 46	30 x 46	20 x 46	The 3046 is the largest mould we have and it means business!

### End Fittings

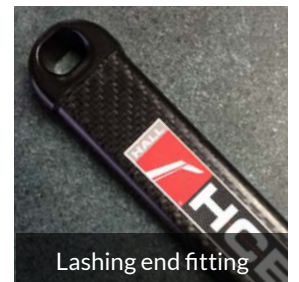

A full range of end fittings are available from soft sail furling to batten receptacles, lashing outboard ends to adjustable outboard or inboard ends with screw adjusters. Go to [www.hallsparsbattens.com](http://www.hallsparsbattens.com) to see the full range.
